

Go Walk With Your Grandma

“Go walk with your grandma
Because I don’t want someone to attack her”
My dad told me

Not go walk with your grandma so she doesn’t get lost
Or go walk with your grandma because she walks slow
Or go walk with your grandma because she’s old and needs someone to hold on to
Or go walk with your grandma because she just wants to spend time with you
Or go walk with your grandma, so she doesn’t get carried away and take too many perfume samples

Walk with your grandma
Because every day
People who look like her
Get jumped in the middle of the street
In public
When they make the courageous decision
To walk alone.
